

## CALL FOR SPECIAL SESSIONS AND PANELS

The Organizing Committee of the 22nd International Conference on Information Fusion is welcoming proposals for Special Sessions and Panels on the theory and application of information fusion. Of particular interest are proposals that address “breaking news” research or topics that may be difficult to categorize for the regular sessions.

One- to two-page proposal for special sessions and panels should contain:

- The topical heading
- Rationale for the session/panel (short paragraph)
- Possible concepts and topics of discussion
- Benefits to the fusion community
- For the Panel discussion to be included into the proceedings the organizer should submit the summary as a poster

## PROPOSAL REQUIREMENTS

Special session proposals will be evaluated based on the timeliness of the topic, relevance to the field of information fusion, number of potential papers, as well as the qualifications of the organizers. Once the proposal has been approved, it will be included among the sessions available for authors to submit their papers to.

All papers submitted to a special session will be reviewed through the same review process as the regular papers of the conference to ensure that contributions are of high quality.

If a special session has more papers accepted than the schedule can accommodate, some of the papers might be moved to other relevant sessions.

## SUBMISSION LINK and IMPORTANT DEADLINES

Submit: <https://edas.info/newPaper.php?c=25788> (all submissions are through the EDAS web site).

Special session and panel proposal submission

25 Feb 2019

Notification of acceptance

1 May 2019
